

Are You Being Denied Coverage or Receiving Insufficient Coverage?

The Lymphedema Advocacy Group's **MISSION** is to improve insurance coverage for the treatment and management of lymphedema.

We **SUCCESSFULLY** led the effort to pass the Lymphedema Treatment Act, a federal bill to improve insurance coverage for compression supplies.

Starting on 1/1/2024, Medicare will be **REQUIRED** to cover lymphedema compression supplies, and this will also set a precedent for other insurance policies.

Please give your **FEEDBACK** →  
From January 2024 onward, visit our website at [LymphedemaAdvocacyGroup.org](https://LymphedemaAdvocacyGroup.org) or use the QR code to report any denials or insufficient coverage for lymphedema-related medical services or compression supplies.
